## Great Artist Performances Announced

The Great Artist Series will commence next month with an excellent selection of performances. The series of cultural events, sponsored by the Indian River Mutual Concert Association, will have at least four performances from October through March.

The first of these performances will be "The Tempest," a tragedy by William Shakespeare. This drama is produced by the American Classical Theatre.

Warner, Porter and Warner will be featured in the following attraction with "Folk Singing." A light Strauss Operetta, "Die Fledermaus," produced by the National Opera Company, will be the third performance of the season.

The season will close with a production by the Theater Workshop of Indian River Junior College under the direction of Lane Corvey. The play, by William Inge, is entitled "The Dark at the Top of the Stairs." It will feature a cast of area residents and college actors. The play is "the poignant and utterly realistic story of a family—each of whose members comes to grips with the fear of what may be hidden 'in the dark at the top of the stairs'."

All indications are for a great season of fine performances. Performances are scheduled for the Delaware Avenue Elementary School.

Full-time college students are reminded that the Great Artist performances are free upon presentation of I.D. cards at the door of the performance.

The exact dates and times for each performance are to be announced.

## Elections Barbeque Saturday

## SGA ELECTIONS FRIDAY

**President's Tea.** Greeting parents and guests at the President's Tea, held Sunday, September 11 are, from L. to R.: Mrs. Helen Keller, Chairman English Department; Mrs. Harold Hopper; Dean Harold Hopper; Mrs. Maxwell C. King; President King, and SGA President Mike Baker.

## IRJC Welcomes New Instructors

Among the new additions to the Indian River Junior College faculty is Mrs. Patricia Duggar. Mrs. Duggar is the new instructor of French.

In an interview, Mrs. Duggar stated that she had found everything at IRJC "just wonderful." She said that she is especially interested in one of her first

year classes. This is an experimental class, she said, which is allowed to carry tape recorders home for study.

Mrs. Duggar and her husband joined the Peace Corps and served for one year as English instructors in Ethiopia. In 1962 she received her Bachelors Degree from Florida State University. In 1964 she received her Masters Degree, with emphasis on French, from F.S.U. After receiving her Masters Degree, Mrs. Duggar worked as a part-time instructor in foreign language education at F.S.U.

Mrs. Duggar also enriched her foreign language background by attending an NDEA institute at Florida State. This institute, she said, was conducted entirely in French.

The other new language instructor is Mrs. Lobanov-Rostovsky, the new instructor of Russian. Mrs. Lobanov began her undergraduate studies at Bryn-Mawr College. She completed her studies at the University of Michigan from which she received her Bachelor of Arts degree. Mrs. Lobanov also earned her masters degree from the University of Michigan. Presently, Mrs. Lobanov is working towards acquiring her Ph. D. Degree in Slavic Studies.

Among her teaching experiences — Mrs. Lobanov worked four years as an assistant in Russian studies at the Univer-

## Musical Notes

The College Chorale has finally established its enrollment at 65 voices, and according to Director Maser this group should be the largest and finest Chorale to be heard in these hallowed halls since the inception of the College. The singers are busy memorizing music for the first broadcast of the IRJC Radio Hour to be heard over WIRA and WARM during the latter part of September or in early October. In their spare time, chorale members are preparing a Christmas Festival to be sung with the cooperation of the Glee Clubs from the secondary schools in the county. This festival chorus is scheduled for December 4, and the chorus will number over four hundred voices. The feature of the Festival will be the Christmas Cantata "The Song of Christmas" by Fred Waring.

The Stage Band and the Chorale are working extra hard to be ready for the Florida State Junior College convention at Daytona in November. The groups will probably spend two nights at this convention. They are looking forward to entertaining the visiting dignitaries with their music.

The first occasion at which our Stage Band will perform will be the President's Convocation, which will be held in the new Gymnasium early in October. The Stage Band will also participate in the broadcasts during the year. The band is still in need of two expert trombone players!

The first occasion at which our Stage Band will perform will be the President's Convocation, which will be held in the new Gymnasium early in October. The Stage Band will also participate in the broadcasts during the year. The band is still in need of two expert trombone players!

Mrs. Lobanov has traveled in Europe. However, unfortunately, she has not yet visited the Soviet Union.

Mr. and Mrs. Lobanov-Rostovsky are the parents of two youngsters who attend the Lawnwood Elementary School in Fort Pierce. As their favorite hobby, the Lobanovs keep themselves occupied with a litter of thirteen Siamese cats.

The Student Government Association has announced that the election of 1966-67 representatives to the SGA will be held this Friday, September 30.

Nineteen students seeking positions in the SGA began campaigning Wednesday, September 21. Campaigning will continue until 5 p.m. on Thursday, September 29.

Deviating from past procedures, this year the SGA voted that there would be 7 representatives elected from each of the classes. This gives equal representation to both classes instead of using the system wherein representation was based on the population of the classes.

An Elections Bureau, headed by Tony Leffler has assumed responsibility for the operation of the election. Mike Baker, Joan Dowd, Judy Lisle, and Barbara Wells are members of the Elections Bureau.

All of the candidates had the opportunity to deliver their campaign speeches before their respective classes on Friday, September 23.

With only seven positions open for Sophomore Representatives, only seven sophomores are seeking the positions. The candidates are: Barbara Ash, John E. Clyatt, Betsy Nourse, Prissy Prindible, Michael Salyers, Cynthia Snyder, and Linda S. Strasser.

Ten freshmen are campaigning for the seven representative seats to be filled. They are: Elise Dassori, Val East, Donald Gary Hinkle, Clarence R. Johnson, Edward McKnight, Jr., Olin Roberts, Jr., Susan Sample, Joe Stephenson, and Jeanne Woodward.

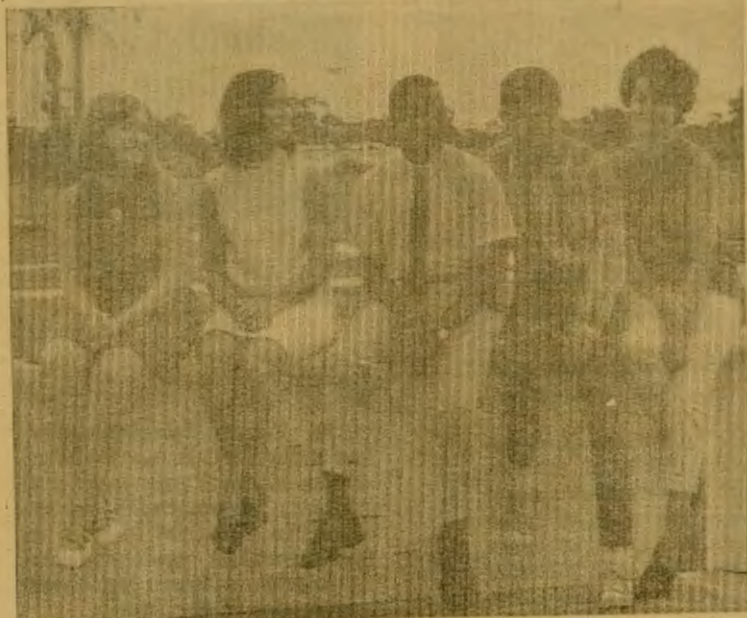

Miles (Skip) Heckendorn and Jan Icyda are the two candidates seeking the Freshmen Governor's office.

The election returns will be announced at the "Elections Barbeque" on Saturday, October 1. The time of the affair is to be announced by the SGA.

The menu will consist of Sirloin Tips, potato salad, baked beans, and rolls and butter. Eddie King and Tony Leffler are in charge of preparing the barbeque.

Tentatively, the Student Government is also planning a dance to be held the same evening.

SGA officials have announced that volunteers from clubs and organizations are needed to assist at the "Elections Barbeque."

**Editorial Staff Appointed.** Seated left to right: Betsy Nourse, Editor-in-Chief 1967 *Simoc*; Linda Strasser, Business Manager *Simoc*; Harry Lamb, Jr., Editor-in-Chief *Pioneer Post*; Terry Melton, Associate Editor *Pioneer Post*; and Grace Grier, photographer.

## The President Speaks What Is School Spirit?

DR. KING

We hear a great deal of talk about school spirit. It occurs to me that this is something a College gains as it accomplishes the objectives it has been created to attain. The spirit of a College may change from year to year, and it may create a positive or a negative image depending on the actions of the people who generate school spirit.

School spirit is not limited entirely to students for faculty and staff also contribute to school spirit. For a healthy school spirit to exist there must be a feeling of understanding, respect, discipline and loyalty among the total college citizenry. I believe we have this at IRJC.

School spirit on our campus is evident in many ways, and respect is foremost. Respect for each other—respect for conditions of the campus—respect as to mode of dress—respect as to scholastic endeavors.

Too often school spirit means who yells the loudest at an athletic event—but true school spirit is the day by day response of the total institution to the challenges that exist. The public image created here in past years is the result of this type of positive spirit.

All of us have talents which we are obligated to share to make our College even better. Do not hide your talents under a basket. Use them now to continue the development of a positive school spirit here at our College. This will indicate to all who observe that IRJC is indeed a leader in higher education in Florida.

## The View From Here "Pioneer!"

HARRY LAMB, JR.

Some students have made known their displeasure with the College's nickname "Pioneers." The Student Government Association, with the best interests of the student body at heart, conducted an opinion poll to attempt to uncover the true feelings of the students on the matter. Needless to say, the results from this poll, if they can be labeled as such, does not reveal a real interest as to whether we IRJCians should or should not remain "Pioneers."

The root of the issue seems to rest in the design of the College Seal. It is here that the majority of the "Pioneer Controversy" has stemmed. In the seal; the pioneer in the raccoon cap seems to convey the idea that we are backwoods-men; many students have asked, "What is the worm-like thing?", which I assume is representative of the Indian River; and others wonder what is the English translation of the Latin phrase — "Obstinatus Sed Aequus."

The lack of a mascot for our athletic teams is another reason expressed for dissatisfaction with the nickname "Pioneers." Could not the issue be resolved by selecting a mascot that would coincide with our modern pioneering spirit and redesign the emblem for something more indicative of our modern spirit?

Sure! We are, and by right, should be proud of our pio-

MIKE BAKER

Everything on Campus is in full swing now. Clubs are functioning, class assignments are settling down, and elections are scheduled for the 30th of September.

A Governor and seven class representatives will be elected to SGA from the Freshman Class. From the Sophomore Class, seven representatives will be chosen by their peers to represent them in the Student Government Association. The candidates met on the 13th and 15th of the month of discuss the guide lines for the campaign. The deadline for all applications for candidacy has

From the SGA

## Student to Student

been established as Monday, September 19. After this date no one will be allowed to petition for candidacy.

The Inter-Club Council, an organization of the presidents or representatives of each club on Campus, whose purpose is to enhance student life on Campus through various activities, has been functioning effectively. The TKL—Cher Amite Dance of September 9 is an example of this. Joan Dowd is to be complimented, along with the club presidents or their representatives, for the great job that they are doing in Inter - Club Council.

Tony Lefler, president of TKL, has been appointed chairman of the Student Government Elections Bureau. The appointment was unanimously approved by the SGA's executive council—Joan Dowd, vice president; Barbara Wells, secretary; and Judy Lisle, treasurer.

At the present time, Sally Sample and I are looking for capable men and women that are interested in becoming an associate justice in the Student Court System.

Please feel free to call on me or any of the other members of the Student Government Association. Don't hesitate!

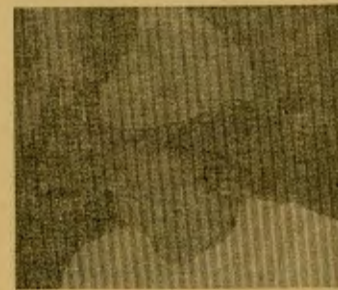

## IRJC Student Viewpoint

The "Inquiring Photographer" will appear in each issue of the **Pioneer Post**. Each interview will feature a question selected by the staff or submitted by the readers.

This month's question was:  
"What Do You Think of the New Dress Code?"

Ralph Pierse... If I give you an answer will you forget the summons?

Rose Haywood. I think the dress code is good. The boys should wear their shirts inside and the girls should be able to wear shorts as long as they are not too tight.

"Okay, You Got Us Up Here . . .  
Now How Do We Get Down?"

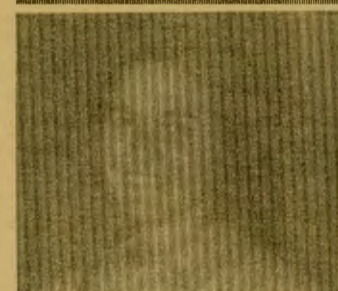

neer heritage. However, all pioneers did not die with the end of the American Frontier Age.

Pioneer, as defined by Thorndike-Barnhardt Dictionary, is a person who goes first, or does something first, and so prepares a way for others.

There is still a vast void to be filled by modern pioneers. There are undiscovered frontiers in the fields of science, agriculture, government, and industry. The frontiers of social service offer a challenge for those who want to make the world a better place in which to live. These new frontiers call for the same spirit of adventure, courage, and fortitude shown by the early pioneers.

Even the slight misunderstanding that brought the "Pioneer, Yes or No?" issue to the spotlight is an indication that we are **Pioneers**. In the words of Thoreau, "The frontiers are not east or west, north or south, but wherever a man fronts a fact."

HARRY LAMB JR.  
Editor-in-chief

Chris Poitras. I think the dress code is liberal and allows students freedom of choice.

Gene Waddell. As long as I don't have to wear a tie—it suits me.

☆☆☆

## F S A

The Future Secretaries Association (FSA) is a department of The National Secretaries Association, International, established to stimulate interest in the secretarial profession and to provide a basis for better secretaries of the future.

The Indian River Junior College Chapter of FSA was established and is sponsored by the Fort Pierce Chapter of NSA. Membership in this FSA Chapter is open to all female business students.

## Pioneer Profiles

DEAN HAROLD HOPPER

MRS. MARY THORNTON

This is the first in a series of biographical sketches written to better acquaint our readers with the staff and faculty of our college.

One of the most important and demanding positions on the administrative staff of our college is that of Dean of the College. He is responsible for the development and supervision of the total instructional program at the college, including the college transfer, adult, vocational and technical programs as well as student personnel services and the college library. He is the coordinator who assures that the purposes and objectives of the college are being met; the "grease monkey" who makes sure that the gears of learning are lubricated and running smoothly. Not, by any means, the least of his duties, is that of Lieutenant to the President, in whose absence, The Dean of the College takes complete responsibility for the college operation. The challenge of this position is very ably met by our Dean of the College, Dr. Harold H. Hopper.

Dr. Hopper, who served as an enlisted man in naval aviation during World War II, comes from St. Louis, Missouri, where he received his BS degree in 1950, and his MS degree in 1951, from Washington University. He did graduate work at the University of Illinois in counseling and guidance, and received a fellowship to the University of Florida where he earned his Doctorate (Ed. D) in 1965. While at U. F. Dr. Hopper also did research work in educational psychology.

## Where the Students Aren't

As the Indian River Junior College Library begins its second year in its new home, it is already experiencing "growing pains." With a collection of nearly 22,000 volumes, a huge record collection, film strips, taped recordings and a large number of bound and unbound periodicals, the library staff has had to move portions of its periodical collection into one of the adjacent classrooms.

The Library has also acquired two microfilm readers. These machines, coupled with micro-filmed copies of magazines and other types of filmstrips, eliminate some of the overcrowded shelves in the magazine collections.

The Library also hopes to soon have in operation a new changing system. Under this system, each student will receive a library card (similar

to the operation now used by many public libraries). This card will be used expressly for the borrowing of library materials.

In addition to the collection of newspapers already subscribed to by the Library, it is now subscribing to The Chicago Tribune, The Miami Herald, The New York Daily News, and the Washington Post.

The staff of the library, headed by Director of Library Services, Syril Sikes, is always anxious and willing to aid the students. In addition, the Library also has a valuable group of student assistants who will help whenever possible.

The Library is open Monday through Friday, 8 a.m. to 5 p.m., and Saturdays from 9 a.m. to 1 p.m. Evening hours begin at 6:30 and the Library closes at 9:30 p.m.

## Theatre Workshop "In Wonderland"

The Theatre Workshop is again keeping the lights burning late on Campus at IRJC as they ready travelling-sets for this fall's Theatre-for-Children production. The thirteen actor cast of *Alice in Wonderland* are in rehearsal and any strange noises issuing from the rehearsal hall may be blamed on the wild laughter of a Mad Hatter and a March Hare, the fantastic dancing of a Gryphon (part lion, part eagle, part dragon) and his unlikely partner a Mock Turtle, or the moaning and groaning of a White Rabbit in danger of losing his head!

Lane Corvey, Director, has announced a cast and crew for the show which includes veteran IRJC actors (all of a year!) and newcomers to the Theatre Workshop. Alice, who follows the White Rabbit down a rabbit hole to Wonderland, is played by Kathy Wilmas. Linda Kilvington plays her older sister who settles for reading about adventure. Terry Hildreth is the White Rabbit who fears for his "neck"; Bonnie Bagley is the lusty-lullaby-singing Duchess; Terry Melton plays the teasing Knave of Hearts; the timid King of Hearts, terror-stricken at his wife's edicts, is played by Chip Parker and the Queen of Hearts is played by Sue Wilmas. Attending the weirdest tea-party on record are Joan Mueller as the March Hare, John Fradd as The Mad Hatter, and Linda Futch as the Dormouse. Meanwhile down at the seashore Bill Hines as the Gryphon and Pete Schrader as the Mock Turtle engage in hilarious double-talk as they discuss the merits of education. The Cheshire Cat, played by Betty Weidrick, pops up everywhere as she tries to help Alice in her search for "who stole the Queen's sugar tarts"!

Jerry Davis as stagemanager-crew manager and his assistant Nick Richards are two of the busiest men around Wonderland. Kitty Garrison as soundman is selecting and taping music for the show. Costume chief Linda Wilson and her assistant Mary Steele are working with a crew to prepare full costuming for thirteen assorted — and wildly assorted — characters. Special effects costuming is being designed and constructed by Edward Martin's design class. The Gryphon's outfit, the mock turtle's shell and flippers, and the paste board playing cards for the King, the Queen, and the Knave are some of the odd problems the art classes are solving.

*Alice in Wonderland* will be available for touring during the month of October. Anyone — school, organization or group — wishing further details and information of playing dates open may contact Lane Corvey, Director, Indian River Junior College.

## Clubs and Organizations Plan Activities

The clubs and organizations of Indian River Junior College are in the process of initiating the first of a long line of activities for the school year.

Many clubs have already exhibited their enthusiasm and interest in having an active IRJC by sponsoring dances, car-washes, and staging fund-raising drives. All of the organizations have met and elected their officers for the year.

### TRI KAPPA LAMBDA

The men of TKL put all of their efforts into the planning and activities for their first big social event of the year. In coordination with the girls of Cher-Amitie sorority, the members of TKL held their rush dance on Friday, Sept. 9. The invitational, semi-formal affair, was held in the Student Center. The music was furnished by the Sand Trippers, a local band.

The officers of TKL are: President, Tony Lefler; Vice President, Eddie King; Secretary, Mike Salyers; Treasurer, Barry Allan; and Parliamentarian, Walter Morgan.

### CIRCLE K CLUB

The Circle K Club is making plans for its biggest and best year ever. The Circle K Club, the first and only men's service club on campus, is planning to celebrate its fifth anniversary as a campus service organization.

Thus far, the club has served as guides at the President's Tea and it has the task of distributing the weekly bulletins. The men of Circle K are looking forward to their first social activity in November. This activity will correspond with the club's anniversary celebration.

The first of many fund-raising activities was held last Saturday, Sept. 24. The club staged a car-wash at the South Plaza Shell Service Station on South U.S. 1. In the planning stages is the launching of a huge "BE SAFE FROM ACCIDENTS" campaign. During a six-week period, the club will solicit sales of handy-sized portable first-aid kits. James H. Acker is club president, and Harry Lamb Jr. is secretary.

### K-ETTE CLUB

The K-Ette Club, in the words of its president, Joan Dowd, began the year with one clear goal in mind—"to be the best and most active club on campus."

Evidences of their attempt to reach this goal were seen at the club's first meeting when 17 girls made known their interest in the service club.

The primary objective of the club is to give service to the college and to the community. The club also seeks to provide social functions as well.

Included in their plans for the fall semester, the girls of K-Ette list the selling of candied apples near Halloween, the amending of their constitution, the sponsoring of a Sadie Hawkins Dance, and a team to participate in the intramural program. Already the K-Ettes have

served as co-hostesses at the President's Tea.

*Cher Amitie* activities for August have included a birthday party for Mrs. Joyce Quick. Mrs. Quick, *Cher Amitie* sponsor, was surprised on August 31 with a birthday cake and presents at a regular meeting of the sorority. The number of candles on the cake was not revealed.

*Cher Amitie* served for the Rush Dance given by T. K. L. Fraternity. The dance was held on September 8. Tony Lefler, TKL president, presented *Cher Amitie* president, Sally Sample with an orchid in appreciation of the sorority's assistance. The girls also assisted with the President's Tea on Sunday, September 11.

Fall rush for Sophomores was held at Port Saint Lucie on September 17 from 2 p.m. to 4 p.m. Rushees were told about the sorority and its purpose during an informal tea. New members selected from this group are: Cynthia Snyder, Jan Leighton, Carol Yankovich, Camille Foster, Chris Ebner, Jane Otis, Anita Sirigas and Nancy Martin. Betty Cubbedge is the new honorary member. Freshmen rush is tentatively planned for mid-October.

### BAPTIST STUDENT UNION

The officers of the Baptist Student Union returned from a statewide BSU conference held at Lake Yale, Fla. The purpose of the meeting, in session Sept. 23, 24, 25, was to prepare the officers of the Baptist Student organizations in the planning and activating a successful program for the school term.

Paul Lockyer, BSU president, and Mrs. Ruth Hansell, club sponsor, urge all Baptist students (and any other students who are interested in the organization) to attend BSU meetings. The meetings are held the first and third Wednesdays of each month.

Dee Brinson is serving as program chairman for the Union and Daryl Collier is the chairman of publicity.

### THE NEWMAN FEDERATION

With new ideas and great ambition, the Newman Federation has begun planning for the fall and spring semesters.

The calendar for the Federation began with a dance held Friday night, Sept. 16. New Federation members from Broward County and Miami-Dade junior colleges attended this smash affair which featured the Wedlocks.

With the full support of the Diocese of Miami, the Federation is looking forward to a newer and better future. In definite planning stages is the leasing of an apartment or house for club meetings and other functions.

Initiation of freshman and new members will be held soon in St. Anastasia's Church.

The officers for 1966-67 are: Carlos Castellon, president; Barbara Ash, vice president; Joyce Dowd, secretary; Sherri Johnson, treasurer; and Ronnie Poitras, parliamentarian.

## New Faces in IRJC Sports

GREGORY

A promising young pitcher, Elmer Wyett Gregory, who stands 6' 2", weighs 203 pounds and finished Lucasville High School with a 24-1 pitching record, has joined the IRJC Pioneer Baseball team this year.

Elmer came to IRJC from Lucasville, Ohio because, "Compared to the North, Florida is baseball weather." While in Ohio, Elmer pitched for the Lucasville Little League, Senior Little League, Del Rice League, American Legion and Semi-pro Ball.

In IRJC's first exhibition game against Edison Junior College, Elmer successfully made use of his right arm in four innings by giving up one hit, striking out four men and walking one. He also racked a batting average of .500 for that game.

Elmer's plans of making a career of baseball have been spurred into reality by offers from Cincinnati, Pittsburgh, Boston, Philadelphia, and the New York Mets.

Eighteen-year-old Elmer is attending IRJC on a scholarship and states that he likes two year schools and plans to go to Ohio University if he doesn't get signed immediately after junior college.

Elmer pitched for the Lucasville Indians who were team runners-up in the state finals in 1965 and 1966. After leaving Lucasville with a batting average of .472 for 25 games, Elmer Gregory is a very promising addition to the "Pioneers" baseball team.

Bob Handy looks rather despairingly at the judge and jury after receiving the somewhat dubious distinction of "Worst Rat."

SCOTT

Leading rebounder and high scorer for the St. Augustine Yellow Jackets, Raymond Scott Sterling has joined the IRJC "Pioneer" Basketball team.

Ray competently plays both guard and forward and averaged 18 points per game for the Yellow Jackets. After making All County in 1964-65, Ray went on to capture the All Conference title for 1966.

Ray expressed an impressive attitude toward this year's team by saying, "I think the team is great; we'll go places. We'll win about eight out of every ten ball games we play."

This 5'11 3/4", 170 pound Freshman was voted Best Dancer in his high school. His dancing ability was the product of extensive exercise to build up his legs. When asked why he chose a two-year college, Ray explained, "In a smaller school, the campus is more personalized than a larger school." Ray is attending IRJC on a basketball scholarship.

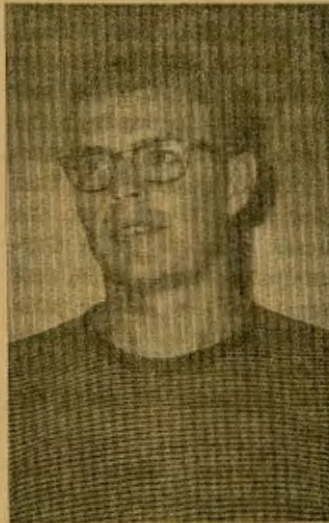

Ray also participated in Track by running the high and low hurdles, the broad jump, and the shot put. While living in Kentucky, Ray played ball for the Hellier Hell Cats.

Eighteen-year-old Ray Sterling plans to attend Stetson University to major in Ocean Science.

Watch Ray for some quick responsive action on the court when the "Pioneer" Basketball team begins its season November 15 against Daytona.

Pleased, and with just cause, is Olin Roberts who was made an Honorary Sophomore for behavior most befitting that of an upperclassman.

LELAND

Bringing along a batting average of .450, Jack Leland has come to the IRJC "Pioneer" baseball team from East Bridgewater, Massachusetts where he competed in the State Finals and was a member of the Legion All-Stars in 1965.

This 6'1", 185 pound right fielder has been playing baseball since the age of eight when he started in the East Bridgewater Little League and went on to the Babe Ruth and American Legion Leagues.

Nineteen-year-old Jack Leland plans to attend the University of Massachusetts.

Jack chose IRJC because of the year-round baseball weather and should be the man to watch for the hits and good fielding.

## Varsity "I" Club Organizes

In an organizational meeting, the 15 members of the Varsity "I" met to elect officers and make plans for the fall semester's activities.

The men discussed the subject of trying to obtain the use of the refreshment stand at the new gymnasium. Officers elected at the meeting are: Bill Young, president; Bob Sugg, vice president; Bob Snyder, secretary-treasurer; Dick Rockey, parliamentarian; Bill Porter, sergeant-at-arms; and Joe Harrington, chaplain.

Gene Waddell learned the consequences of "wising off" to his superiors in the Soph class — "Ugg", he growled, "this stuff tastes awful!"

## Beauticians Begin Classes

By SHARON CALVIN

Wig care and styling has been added to the curriculum of the IRJC Cosmetology School under the able instruction of Mrs. Lyndall Jordan.

Instruction, in general, prepares the student for all phases of work in the Beauty Salon. In the Cosmetology Course the students study chemistry, basics of electricity, anatomy, physiology and business management.

The course is a 1200 hour course, which after completion, enables the graduates to apply for examination by the State

Board for Operator's License.

After the students have completed 350 hours of instruction, they will then be permitted to practice their training on customers. Cosmetology students include:

Susan Allman, Alice Bullock, Diane Dewey, Christina Fulp, Ilene Ney, Jill Rhoda, Sandra D. Roberts, Donna Silsby, Vivian Summerlin, Patricia Wells, Gladys Beville, Barbara Coment, Joanne Divola, Patricia Lewis, Ann Olsen, Debbie Roberts, Alonda Shipley, Dorothy Strawduman, Toni Voltino, Lisa Zborowski.

## Kangaroo Kourt

By CORKY MULLINS

The annual Kangaroo Kourt of Indian River Junior College has long been known as that notorious time of year when the Sophomores are at long last able to inflict all the hideous tortures upon the incoming Frosh-better known around this campus as "rats" — that they themselves had to endure the year before. The 1966 "Kourt" proved to be no exception! With Tony Lefler acting as Prosecuting Attorney and a panel of judges consisting of Mike Baker, Terry Melton, Corky Mullins, Sally Sample, Sharon Calvin and Ed King, all the "rats" receiving summons were handed down sentences corresponding to their so-called "crimes."

Naturally, all the Frosh were tried and found guilty by the all-Sophomore jury (you don't suppose that had anything to do with it!). There was a show of talent — singing, dancing and even a demonstration of how to scrub the Student Center floor the hard way (would you believe with a tooth brush?) — there was a show of the latest coiffures by some of the female rats who couldn't seem to remember their beanies — there was a show of discipline to those few who had nerve enough to "sass" an upperclassman—but the biggest and best show of all was that of good natured fun and sportsmanship by both classes. And in essence wasn't that the most important one?

"Too bad y'all forgot your beanies, girls" says Corky Mullins and Sally Sample to Susie Sample, Marty Klueppleberg, Val East, and Jan Haid — as they obligingly style their hair in the latest "rat" (or could it be "ratted"?) fashions.
